

Curriculum Map: Autumn Term 1

English

In English, we will be starting by learning a journey story 'Mr Messy'. We will write character descriptions, plan innovations and invent our own journey tale. We will also be writing some instructions all about magic potions.

Maths

Our Maths learning will initially focus on place value where we will explore numbers and practice partitioning into tens and ones before moving onto addition and subtraction. We will also be doing lots of work on recalling number bonds to 10 and 20.

Science

In Science, we will be learning about and comparing animals and their offspring. We will then look at a range of lifecycles and explore the basic needs for survival.

Geography

In Geography, we will be learning all about the 7 continents and 5 oceans. Watch this space... we've got some super catchy songs to help us!

Topaz Class

Computing

This half term we will be exploring technology all around us. We will be looking at the positive impact IT is having on our lives.

RE

In RE we will focus our learning on the question 'Is it possible to be kind to everyone all of the time?'.

Music

In Music, we will learn to sing: Hello and Hey Friends, jazzy, upbeat songs about making friends and respecting one another.

French

In French this half term we will be learning all about greetings.

DT

In DT, we will explore levers, linkages and pivots whilst making our own moving monsters.

We will also explore strength and stability in our structures unit testing our ideas building Baby Bear's chair.

PE

Our Pe lessons will be focussed on orienteering where we will develop our navigation and map skills.

We will also be developing our balance and co-ordination skills focusing on footwork and single leg balances.
