

Curriculum Map: Autumn Term 2

English

To start our English lessons, we will be learning a journey tale 'The papaya that spoke'. We are going to be focusing on adjectives, suspense building and dialogue before writing our own inventional journey tales.

Maths

To start our Maths lessons, we will be looking at completing our addition and subtraction, building up to 2-digit and 3-digit calculations, before moving onto multiplication, learning the 3x,4x and 8 timetable.

Science

In Science, we are learning about forces and magnets. This will involve finding out about different forces and how they are measured. We will be doing lots of investigations to answer questions.

Geography

In Geography, we will be learning about North America. We will be locating the continent and some countries using our map skills. We will also be identifying the human and physical characteristics of North America.

Emerald Class

Computing

In computing we will be learning to create exciting stop-frame animations! We'll make our animations even more amazing by adding music, text and other media.

RE

In RE we will be learning about Christianity and enquiring about the meaning of Christmas.

Music

In music we will be focusing on singing songs with attention to expression and dynamics and to Perform actions with accuracy and confidence.

French

In French we will be consolidating what we have already learnt by building confidence and precise pronunciation.

Art

In our Art lessons, we will be learning about the inspiring artist Georgia O'Keeffe. We will explore her distinctive style and techniques, using charcoal and pastels to develop our own unique artwork inspired by her approach.

PE- Sport

In PE we will be focusing on bat and ball skills which will focus on throwing, passing and keeping control of the ball using a racket before applying these skills to games.

Real PE

In REAL PE, we will be developing our static balance through lots of games.
