

Curriculum Map: Spring Term 2

English

We will be immersed in high quality stories, rhymes and non-fiction texts. We will be retelling stories through acting and role play. The children will attend 'Drawing Club' where they will draw a picture and write words linked to our class story. We will begin to blend sounds into words through Read Write Inc phonics.

Maths

First, we will be exploring length and height. After that, we will be exploring the composition of 9 and 10 and ordering numerals to 10. We will be learning about 3D shapes as well as building on our prior knowledge of repeating patterns.

Understanding the World

We will be finding out about different animals and where they live in the world. We will find out which animals are nocturnal and discussing what we can do to take care of animals.

Communication and Language

We will develop our vocabulary through learning new stories and using actions and props to retell these. We will practise using time connectives to describe events in details.

Ruby Class

Expressive Arts and Design

We will step into a world of bold shapes and vibrant colours, transforming Rousseau's animal prints into our own imaginative creations. We will be creating pictures in the style of Picasso.

Personal, Social and Emotional Development

We will be exploring why we take turns, wait politely and tidy up after ourselves. We will also be looking at what makes a good friend.

Physical Development

We will be practising 'Nip, flip and grip' to help develop confident pencil control. During Bike Ability, all children will use the balance bikes to build their coordination and balance skills. By the end of the unit, they will be able to stride, scoot, and change direction with increasing confidence.
