

Curriculum Map: Spring Term 2

English

We will start our English learning about a fiction text called 'The Caneel'. By applying different toolkit features, we will create our own stories.

Maths

In our Maths lessons, we are moving onto length and perimeter learning, measuring in millimetres, centimetres and metres and measuring and calculating perimeter.

Science

In Science, we will be learning all about light! We will look at how shadows are created and investigate different light sources through scientific investigations.

History

In History, we will be learning all about prehistory, understanding how we find out about the past using artefacts and research.

We will also be looking into the development of houses to learn about where people settled in the past and why.

Emerald Class

Computing

In Computing we will be learning all about databases. We will create an identification tool using a branching database, which we will test by using it.

RE

In RE, we will be learning about Christianity and will focus on the key question 'What was 'good' about Good Friday?'.

Music

We will be learning to perform simple rhythmic and melodic patterns accurately and expressively using instruments effectively.

French

In French, we will be consolidating our knowledge and pronunciation of animals in French through different activities and games.

Art

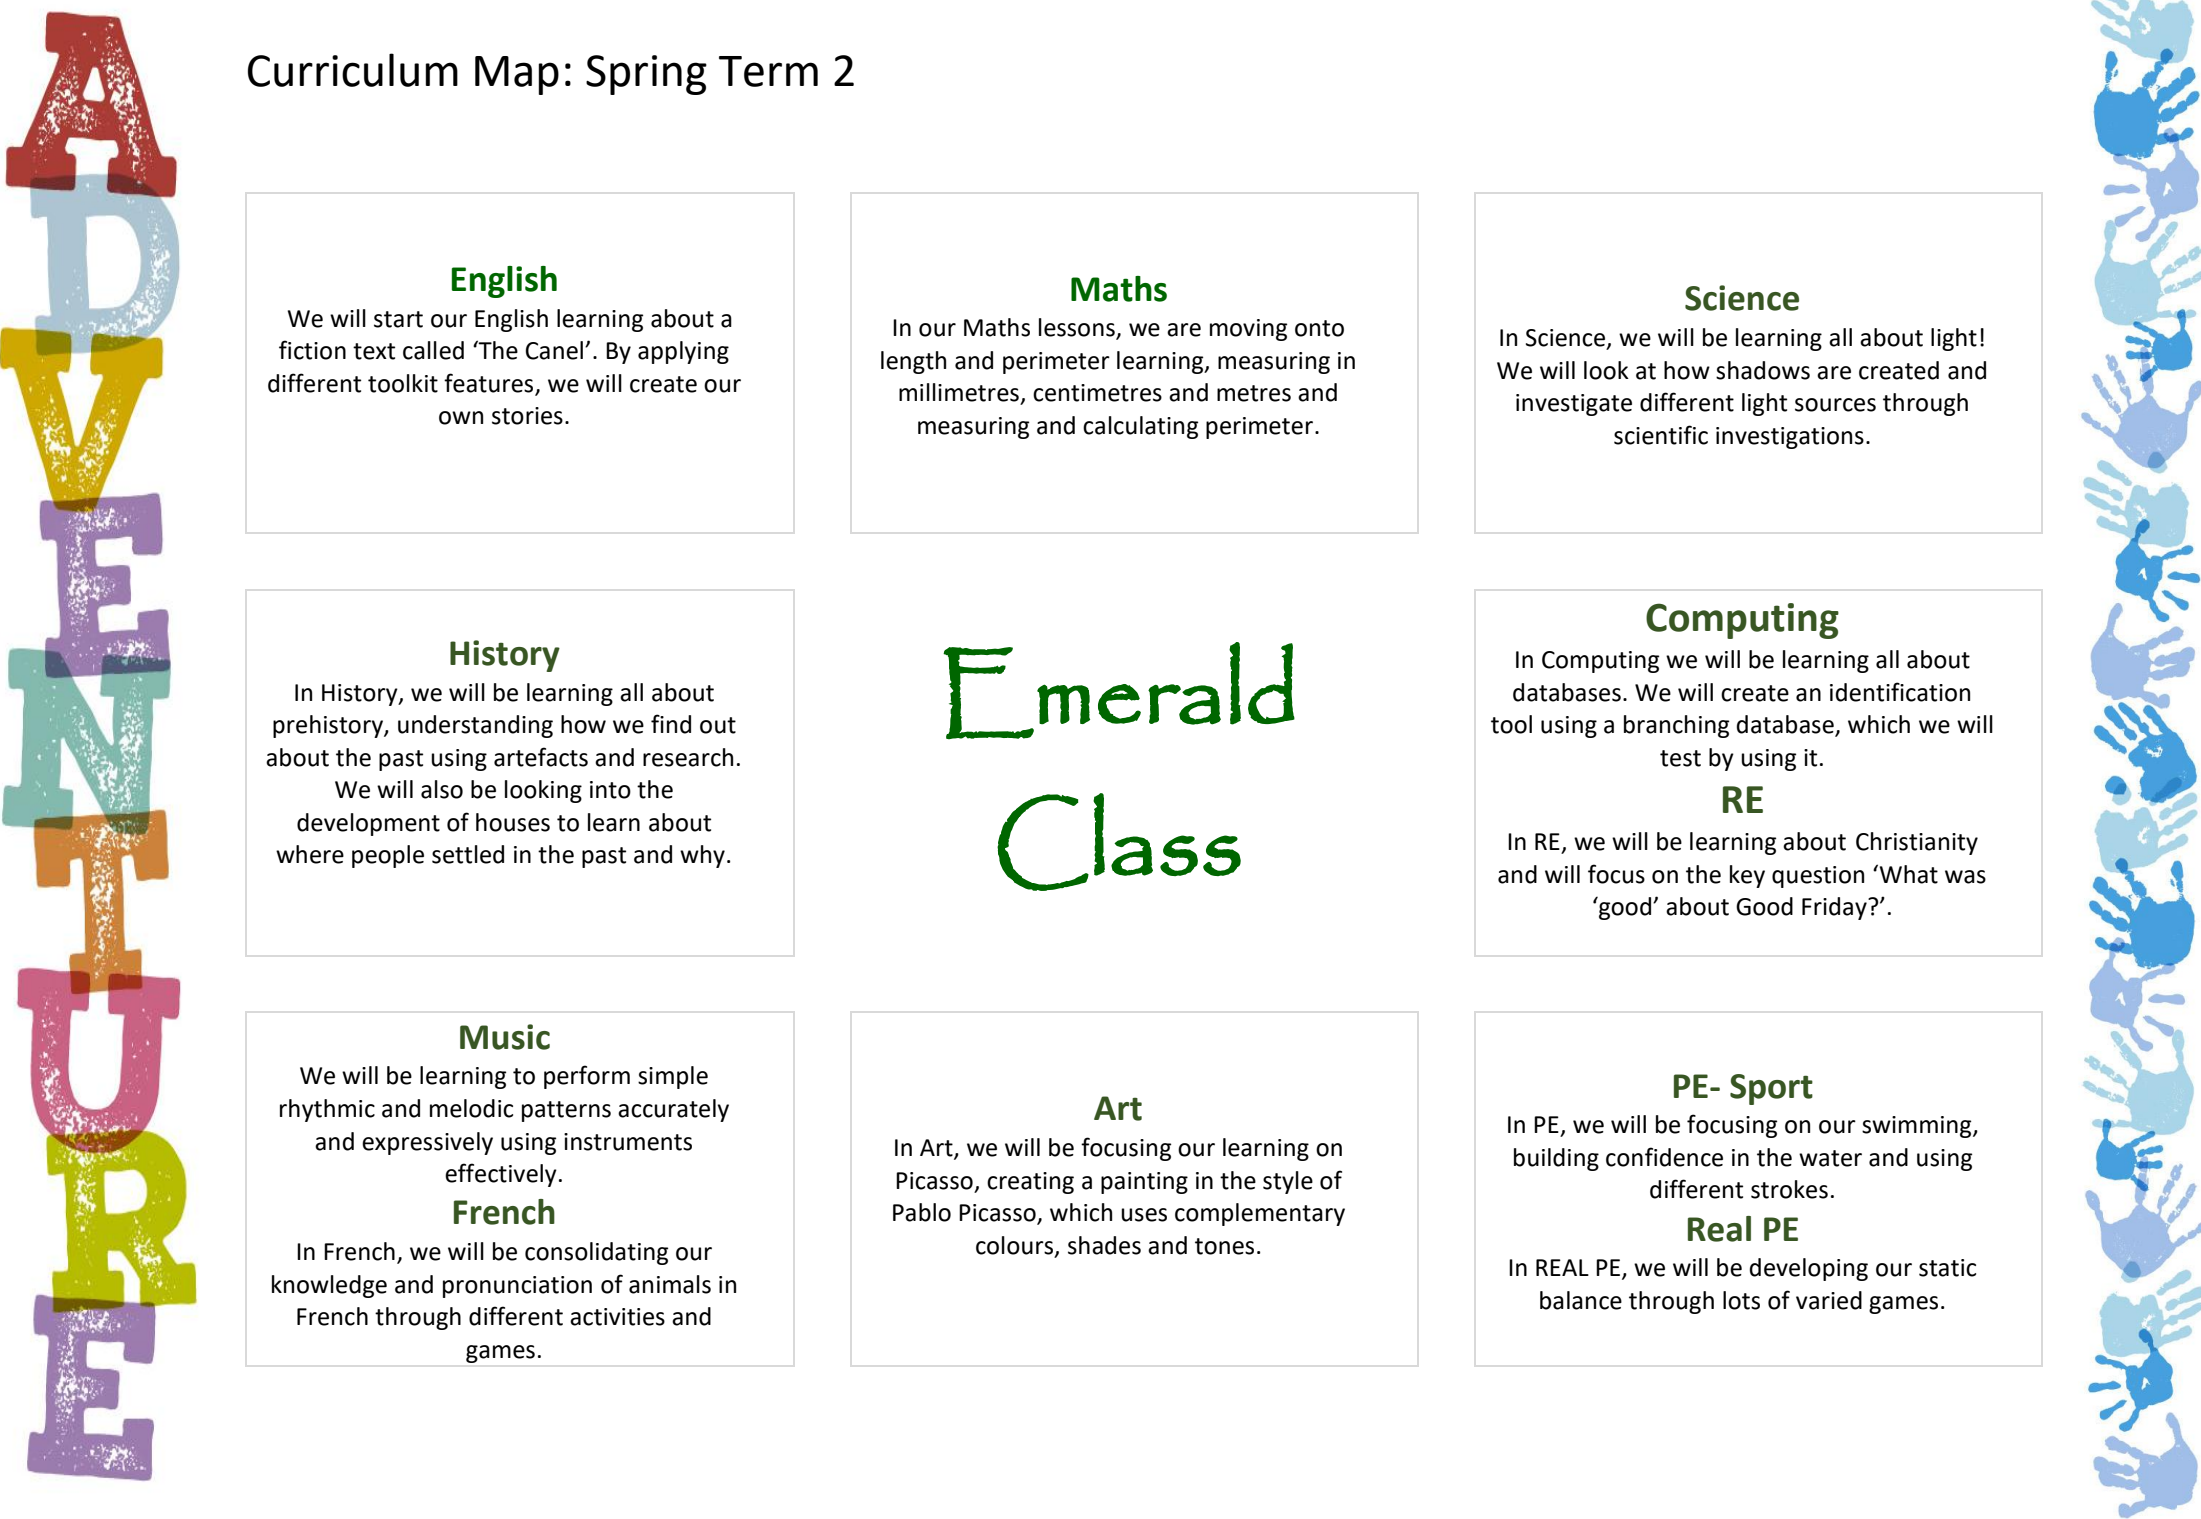

In Art, we will be focusing our learning on Picasso, creating a painting in the style of Pablo Picasso, which uses complementary colours, shades and tones.

PE- Sport

In PE, we will be focusing on our swimming, building confidence in the water and using different strokes.

Real PE

In REAL PE, we will be developing our static balance through lots of varied games.
