

Curriculum Map: Spring Term 2

English

In English this half term, we will be applying all of the skills we learnt last half term to write our own super stories. After this, we will be learning an exciting recount about 'Antarctic Adventures'.

Maths

In our daily Maths lessons, we will be learning all about fractions and time. In our mental Maths lessons, children will continue to develop their recall of number bonds, basic number skills and develop fluency with addition and subtraction. We will also continue to practice our times tables.

Science

In Science, we will be looking at living things and their habitats. We will learn about life processes, habitats and microhabitats. We will go on our own adventures exploring minibeasts in their microhabitats.

History

In History, we will be learning all about mining in Cornwall. We will learn about who worked in the mines, the tools they used, what they were mining for and the impact it had on Cornwall. We're really looking forward to our Geevor mining workshop too!

Topaz Class

Computing

This half term we will be using the laptops to explore data and information using pictograms. We will use computer programs to make our own pictograms based on information we have collected.

Music and PE

In Music, we will begin to recognise and write music and explore musical dynamics through crescendo.

In PE we will be developing our attacking and defending skills in team games.

RE, PSHE and RHSE

In RE we will focus our learning around '*Why do Christians believe God gave Jesus to the world?*'

In PSHE we will learn about safely sharing photos online and online interactions.

In RHSE we will learn about keeping safe.

Art

In Art, we will be focussing on painting studying the work of John Dyer. We will experiment with mixing colours, understand the colour spectrum and experiment with tints before creating our own works of art in the style of John Dyer.
