

Curriculum Map: Summer Term 2

English

In English, we will be writing for different purposes. We will complete short-burst writing activities and share our ideas together.

Maths

In Maths, we are counting all the way to 100! We will be counting one less and one more and comparing numbers within 100. Later in the term, we will be looking at time and money.

Science

In Science, we will carry on learning all about plants. We will identify the structure of a flower and investigate trees which lose their leaves and those that keep them the whole year.

History

In History, we are learning all about Grace Darling and why she is significant. We will be learning about how lifeboats have changed over time since Grace Darling's rescue.

Citrine Class

Computing

In Computing, we are going to be grouping data and information. We will be labeling objects, finding their properties and comparing groups of objects.

Music

In Music, we are going to be identifying different pitches (high and low) in music and in sounds around the school. We will be understanding the difference between a rhythm and a pitch pattern.

PSHE and RHE

In PSHE we are going to be learning about how to be safe online and in RHE we are thinking about who should be able to give us medicines.

RE

In RE, we are going to explore if visiting the synagogue helps Jewish children feel closer to God.

Art

In Art, we will be designing our own 3D models and creating them using paper.

DT

In DT we will be using different fabrics to create a puppet.
