

Curriculum Map: Summer Term 2

English

In English we will be learning about a non-chronological report and writing our own before moving onto a fiction text.

Maths

In maths, we will be securing our understanding in all about fractions before moving onto money and shapes ; we will apply key knowledge throughout and challenge ourselves with problem solving questions.

Science

In science we are learning all about plants, from investigating different types and what they need to survive to explaining the life cycle of the plant.

Geography

In geography we will be learning all about South America, making comparisons with different countries and identifying human and physical features.

Emerald Class

Computing

In computing we will be learning all about programming, using Scratch software to explore movement within the context of a maze, using design to choose an appropriately sized sprite.

RE

In RE we are learning all about Hinduism, specifically Sanatana Dharma, learning and answering the question 'What is the best way for a Sanatani to lead a good life?'

Music

In music we will be applying our musical knowledge to understand key well-known pieces of music and the timbres of instruments.

French

In French, we will be consolidating our knowledge on 'I am able to' and the speech surrounding this.

Art

In art we will be learning all about prehistoric objects, learning techniques like pressing, carving, and smoothing before creating our own design and sculpture.

PE

Throughout our PE unit, we will be focusing on ball skills and games through football before leading onto athletic learning different skills.
